IAHHHC & Personal Services Agencies

IAHHHC has worked hard to earn the respect and involvement of personal service providers. Whether licensed or unlicensed, skilled or non-medical, IAHHHC has fought for you. We seek to make the home care environment better for all legitimate providers. Personal service/non-medical providers are active on the Association's Board of Directors and IAHHHC's own Private Duty Committee encourages participation and input from all our personal service members. IAHHHC offers great education programs in marketing, customer service, and other operational issues for private duty companies. Take a look at all that IAHHHC offers.
