

## Why enroll in Care Select?

By choosing the ADVANTAGE Care Select program, you will be part of a caring team. Our common goal is helping you be as healthy as possible. You may call us to answer your questions, help you set up doctor visits, and have someone on your side to help with your healthcare questions.

We also have a 24-hour nurse line. Specially trained nurses will answer questions about your health or give you health education information. You will also be directly connected to a behavioral health crisis line, if needed.

## How do I get more information about the Care Select Program provided by ADVANTAGE?

Call ADVANTAGE at (800) 784-3981 or go to [www.advantageplan.com](http://www.advantageplan.com).

We will also connect you to the Indiana Care Select Program Enrollment Broker.

## Proudly Serving Indiana Care Select!

Indiana  
Care Select

## What is Indiana Care Select?

The State of Indiana created a care management program called *Care Select*. *Care Select* helps Medicaid members that are aged, blind and disabled.

## Our Goal is to Help You Stay Healthy and Independent

We will assign you a Care Manager who will work with your Primary Medical Provider (PMP) to develop a care plan that best fits your needs.

No matter what your unique needs are, we will work with you and the community advocates you know today.

Your health care team includes:

- You and your family or caregiver
- Your community-based Case Managers
- Your PMP
- And other resources that bring you value

As a member of your community, we will work with the local resources, such as:

- Area Agencies on Aging
- Indiana Parent Information Network
- Community Mental Health Centers
- Indiana Minority Health Coalition
- Council of Volunteers and Organizations for Hoosiers with Disabilities
- Association of Retarded Citizens of Indiana
- INARF
- IMPG

*...just to name a few!*
