

Position: Clinical Director-Registered Nurse

Job Description: Executive position responsible for direction, coordination, supervision, and implementation of health care services provided to clients in Northeast Indiana. Leads the team of RN Case Managers, field staff, and administration office professionals to ensure quality care delivery and regulatory compliance with state and federal laws.

Location: Based in Fort Wayne (with occasional travel within our nine-county service area)

Our mission statement:

"Home Nursing Services is dedicated to providing adults and children with a safe, cost effective alternative to institutional care in the environment where they can best retain their dignity and are most independent and comfortable: their home."

Home Nursing Services, is a certified Medicaid licensed home health care provider in northeast Indiana.

Requirements:

Current Indiana RN license

Experience in home health care

Preferred qualifications:

BSN or MSN

Five years or more of home healthcare experience with a progression of responsibility in a leadership role

Ability to inspire others to excellence in care delivery and documentation

Passion for the right of every individual to have health care provided in the home when safe and feasible

Knack for bringing out the best in people by coaching them to reach their full potential

Benefits:

Competitive salary commensurate with experience

Starting salary pay range \$65,000-\$75,000

Company car

Vacation, sick, and holiday benefits

401(k) with company match (eligibility requirements)

Weekly paychecks with optional direct deposit available
